CAREER OBJECTIVE

Dedicated and motivated Computer Science graduate seeking to contribute to all stages of the software development lifecycle as a Python Developer. Adept at designing, implementing, and maintaining Python-based applications. Eager to apply analytical skills and knowledge to deliver high-quality software solutions.

EDUCATION

Bachelor of Technology in Computer Science 2020-2024
Ponnaiyah Ramajayam Institute of Science and Technology, Thanjavur Tamil Nadu
CGPA-6.87

SKILLS

Programming : Python,JavaScript
Web : HTML,CSS,Bootstrap,React,Django,Flask
Database : MYSQL,SQLite3
Tools : Github,Rest API
Others : Machine Learning basics(SVM,ANN,Fuzzy Logic)

INTERNSHIP

6 months python full stack course at Synnefo Solution, Kochi

PROJECT

E-commerce Website using python

- Built a shopping website with product listing, add-to-cart, and checkout features.
- Developed front-end using HTML, CSS, JavaScript and backend using Django.
- Managed product, cart, and order data using SQLite3.
- Implemented user login and basic admin product management.

BookMyShow (Frontend)

- Developed a responsive frontend clone of the BookMyShow website.
- Designed movie listings, banners, and navigation using HTML, CSS, and Bootstrap.
- Created mobile-friendly layouts using the Bootstrap grid system.
- Added interactive UI elements for an improved user experience.

Figma to React Landing Page (Frontend)

- Developed a responsive frontend landing page using React + Vite with JSX and CSS by converting a Figma design into a clean, component-based user interface.

COLLEGE MAIN PROJECT

Identifying Diabetes Using Diab Detect Software

- Developed a diabetes prediction system using SVM, ANN, and fuzzy logic, achieving 94.87% accuracy with cloud deployment for real-time testing and validation
 - Tools and Technologies: Python, Machine Learning, SVM, ANN, Fuzzy Logic, SQL Server, C
-

CERTIFICATION

- Certified Python Full Stack Developer from Synnefo Solution, Kochi
 - National Council for Technology and Training
-

EXPERIENCE

May 2025–November 2025

Voice Process Executive, Aabasoft Technologies, Kochi

- Handled daily process operations and ensured timely completion of assigned tasks.
 - Supported customer interactions by addressing calls, clarifying queries, and providing accurate information.
 - Ensured smooth workflow within the team through clear communication and task coordination.
 - Assisted in resolving customer and process-related issues promptly.
 - Contributed to improving process efficiency by identifying issues and suggesting practical solution
-
